After only 2 weeks of the birth of BanGFW, CCP has ordered over 40 cyber police officers from each province to suppress us, which means BanGFW can really hit CCP hard

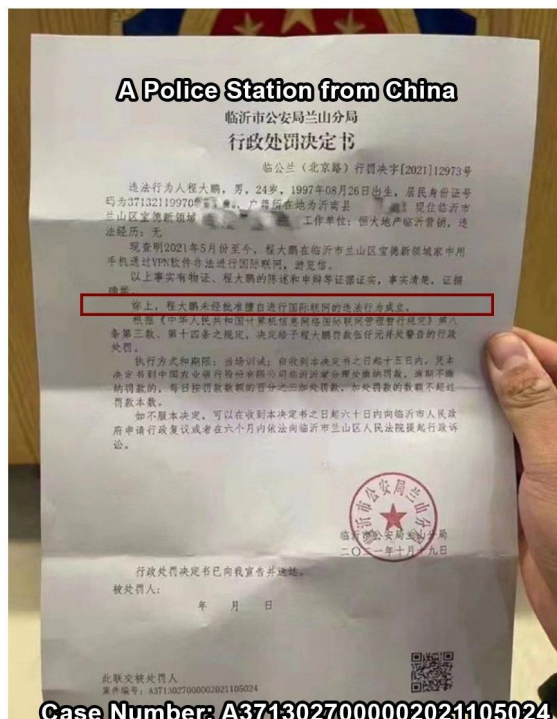

## 【Definition】

The global BanGFW Movement was launched in March 8th 2023 by overseas Chinese pro-democracy activists with the goal of tearing down the Chinese Communist Party's Internet Berlin Wall Great Firewall(GFW), to fight for freedom of press and speech for 1.7 billion people, including Chinese, Russian, Iranian, Myanmarese, Cambodian.

The huge threats of CCP's GFW-tech far exceeds China's borders, forcing 1.7 billion people have no access to visit Google, Twitter, Youtube and hate another 6.3 billion everyday, which's against 8 billion people of our planet, it's a Information War against the democratic world since 2000, so everyone at roadside can be a witness to the huge crime. We will bring the case to the International Criminal Court and parliaments of each nation.

The CCP regime has become heavily dependent on overseas money, tech, food, oil, so the way of international prosecution and sanctions on CCP is highly realistic and feasible, and tearing down GFW is the least costly option for ending dictatorship & democratizing China.

Let's write posts and hold signs to protest online or in front of CCP's embassies, call on them to impose harsh sanctions on GFW-related tech providers and top policy-makers .

Comment of lethamhoangnga4414

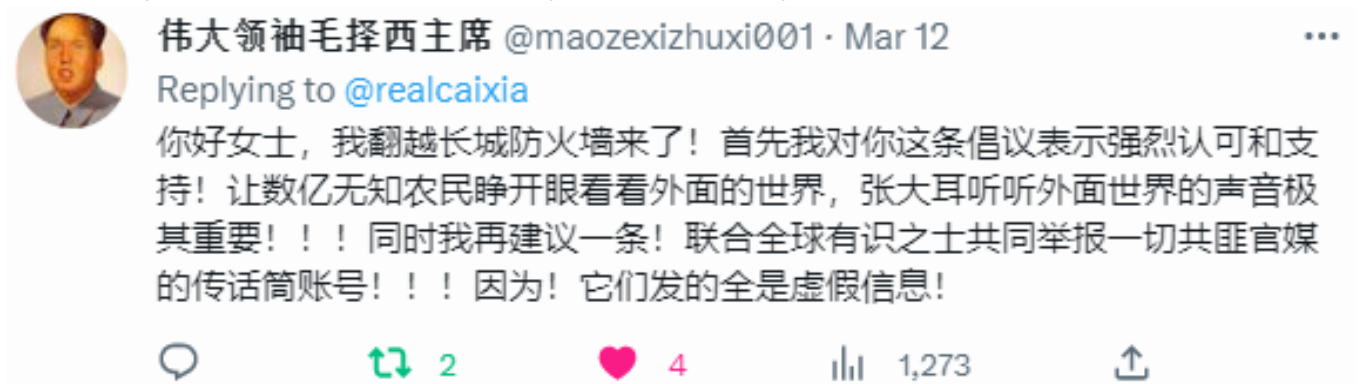

Good evening, Ms. Lê Oanh, good-looking. This broadcast program concerning the Internet firewall designed and built by the Chinese Communist government is very fascinating to us. Thanks

## Worldwide supporters of BanGFW

**Meaning:** If GFW collapses, the CCP will also fall apart soon, they are still alive only because of their military forces and cyber police.

**Meaning:** I just bypass GFW to visit Twitter secretly! I totally agree with the idea to tear down CCP's Internet Berlin Wall, which can let hundreds of millions of Chinese see the real world. I'd add one suggestion, the free world should be united to block the mouthpieces of CCP's propaganda, they always try to produce misinformation.

拆墙运动的发起者：

你们好，我看到了你们关于这个运动的倡议书，并对其内容表示十分的暂赞同和支持，一个号称要打造人类命运共同体的国家，他的人民却不能和其他国家的人民直接沟通，这是多么讽刺的一件事，我受够了这种胡乱的封禁，严重影响了我的工作和生活，它阻碍了中国人民和世界人民的理性的沟通，淹没了真正的中国人民的声音，这就是中国在国际舞台上形象日益败坏的原因之一，我愿意和你们一起努力，就为了有一天能够实现互联网自由，这是最基本的人的权利，至于拆墙之后是否有益于中国的民主，我非常看好，有些人担心放开防火墙之后会反噬世界，我觉得这是没有道理的，因为真理是越辩越明的，经过20年的墙国洗脑教育，可能在刚开始确实会对国际社会产生一定冲击，但是长期来看最终胜利的一定是正义公理，我相信中国人民也一定会站在正义和公理一边，现在看到的粉红这些不是真正的中国人民的本来面目，中国人民是善良，勤劳，朴实，友善的。

### Main idea of a letter from our Chinese fan

Dear initiator of the BanGFW team, I 100% agree with all your initiative on tearing down CCP's Internet Berlin Wall, which has greatly ruined my work and life. GFW has totally blocked communications between Chinese people and the rest of the world. Free Internet is a basic right for human beings. Let's BanGFW to let the outside world make friends with those ordinary and friendly Chinese people.

### **Ms. Sheng Xue's remarks on the BanGFW**

Tearing down CCP's Internet Berlin Wall is certainly one of the most important things to end dictatorship in China. Only with free Internet, Chinese people will be able to get reliable information & express themselves & take actions freely. The people in the Free World surely bear the main responsibilities of BanGFW. Many people have tried to challenge GFW but failed. Give thanks to Mr.Qiao, Let's work together.

Ms. Sheng has worked for Radio Free Asia for 18 years, a prominent Chinese-Canadian journalist, are still very active to fight for human rights protection for Chinese.

推倒習共互聯網防火牆，不僅是爭取14億人獲取信息自由、言論自由的基本權利，而且是揭露習共謊言洗腦，由民眾獨立思考、獨立做出判斷的基本前提和必須條件。

一旦推倒防火牆，就能釋放中國內部的民間活力，海內外和中國體制內外致力於自由民主的所有力量就能聯合起來，推進憲政民主。

中共互联网愚民墙反人类罪可分秒内完成定罪证据

中国民运有各议题要人支持，比如少数民族、性少数派、女权、强拆维权等，但属于特定地域，调查取证也有难度。愚民墙将14亿人与66亿人隔离的大罪，80亿人都能感知并同情，却此前少有华人提及。只要推到国际法庭，法官不进中国，也能分秒内就完成取证！

### Ms.Cai Xia's remarks on BanGFW

tearing down CCP's Internet Berlin Wall is a big step to fight for freedom of speech and get free load info, which can help ordinary Chinese to think independently. Without GFW, all pro-democracy activists will get united soon.

Ms. Cai Xia has worked as a professor for CCP's central party school for decades, but was suppressed because of her critic toward Xi Jinping, and she now lives in the USA.

【改变中国的策略】美国将中国人民和中共加以区别是一项正确决定，尽管相当多华人支持拥护中共。我觉得还要区别普通党员和中共寡头，因为普通党员和民众一样受骗、无权利可言，尽管他们也帮助作恶。仅区别还不够，更应将对华接触政策改为以接触民众而非精英为主，推倒防火墙是一个接触民众的最佳途径。

### Mr. Han Lianchao's remarks on BanGFW

It's a big progress when the USA has distinguished the Chinese people from the Chinese Communist Party. Ordinary Chinese and CCP's members have almost no rights, tearing down GFW can help Americans make friends with them and hear the real voices of most Chinese people. Mr. Han has worked for CCP's Ministry of Foreign Affairs and US Congress.

### Open letter to invite tech tycoons like ChatGPT Google Facebook Twitter to help ban CCP Internet Berlin Wall

Twitter: Ban\_GFW Facebook: BanGFW BanGFW@protonmail.com

**Dear ChatGPT Google Facebook Twitter and other hi-tech companies:**

We Chinese people are jointly to ban the CCP Internet Berlin Wall, namely the Great Firewall (GFW), which has ruined the interests of 8 billion people on our planet. In this regard, we solemnly call on the International Criminal Court and parliaments of each nation to hold public hearings for the crimes against humanity related to the wall .

Since 2000, CCP has spent 6 billion US\$ yearly to build & run the world's largest Internet censorship system, and blocked 310,000 websites (Google ChatGPT) & connections between 1.4 billion Chinese & others, causing endless international conflicts.

Over the past 70 years, hundreds of millions of Chinese have suffered from unnatural death because of reasons such as hunger and political violences. The CCP regime is currently facing huge crises not only in economy but also reputation domestically , moreover, it's experiencing massive international condemnation. Pro-democracy Chinese activists are planning to establish a new democratically elected government.]

We strongly call on you to break the silence and provide assistance like funds and tech, to support the meaningful BanGFW Movement, which can certainly help 1.4 billion Chinese to use Twitter, Facebook, Google, ChatGPT freely, in return you can have more business opportunities in the emerging market valued trillion of dollars in the near future.
